

INTRODUCTION OF STOP DECEPTIVE ADVERTISING FOR WOMEN'S SERVICES ACT

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 16, 2013

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, today, I am introducing important legislation that will protect the rights of women seeking information on family planning services.

This week is National Women's Health Week, a weeklong effort to empower women to live happier, healthier lives. We want to encourage women to prioritize their health, but not deceive them about what medical options are available. Unfortunately, there are some centers that deliberately misinform or mislead women seeking information on family planning services. Called Crisis Pregnancy Centers (CPCs), they pose as sources of unbiased pregnancy counseling, using deceptive propaganda to dissuade women from considering comprehensive birth-control options or legal abortion. Fake reproductive health clinics entice women with unintended pregnancies through their doors under the pretense of providing the full range of reproductive options and services.

The Stop Deceptive Advertising for Women's Services Act directs the Federal Trade Commission to promulgate rules under the Federal Trade Commission Act, declaring it an unfair or deceptive act for an entity, such as a crisis pregnancy center, to advertise as a provider of abortion services if the entity does not provide abortion services.

Deception has no place when a woman is seeking information about her pregnancy. Working together we can help stop the fraud and confusion these Crisis Pregnancy Centers are perpetrating on the women of America.

CONCERNS REGARDING PROPOSED CUTS TO FUNDING FOR FOOD STAMPS

HON. ALBIO SIRE

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 16, 2013

Mr. SIRE. Mr. Speaker, I rise today to express my serious concern about the proposed cuts to funding for food stamps in the 2013 Farm Bill.

Food stamps are critical to the health and wellbeing of our Nation's most vulnerable populations. In my home State of New Jersey, nearly 870,000 households rely on this benefit to feed their families. Of that number, 45 percent are children and nearly 25 percent are either elderly or disabled adults.

As it stands, food stamp benefits average less than \$1.50 per person for each meal, and that number is already set to drop to about \$1.40 this fall when a temporary boost from the Recovery Act ends.

Every one of us knows how difficult it would be to feed their children or aging parents a nutritious meal for that amount of money. And yet, the farm bill would slash federal spending for food stamps by more than \$21 billion over the next decade, eliminating food assistance to nearly 2 million people.

I understand the need to bring our budget under control, but I encourage my colleagues to find a smarter path forward. Let us not balance the budget on the backs of those among us who are the most vulnerable.

HONORING KBBF RADIO

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 16, 2013

Mr. THOMPSON of California. Mr. Speaker, I rise today along with my colleague, Congressman JARED HUFFMAN, to recognize and honor radio station KBBF 89.1 FM as it celebrates 40 years of operation.

KBBF was the first bilingual public radio station in the United States, launching its inaugural broadcast on May 31, 1973. Its success has led to the creation 35 other radio stations throughout the country that now serve their local Hispanic and Latino communities.

For 40 years, KBBF and its program hosts have delivered an ever-evolving level of service to Spanish and English speakers alike by providing a diverse mix of information, commentary and culture. Airtime is devoted to public affairs, news commentary, literature, financial and health news, youth and women's issues and news, indigenous programming and music from all over the world.

The radio station was founded by an eclectic group of individuals including a farm worker, a lawyer, a housewife, a college professor and a college student who wanted to provide cultural, educational and informational radio programming to a community that had historically been underrepresented in traditional radio formats.

The vision of a bilingual public radio station captured the imagination of both the local community and the Nation. The late United States Senator Ted Kennedy personally directed a helicopter to fly KBBF's antenna to the top of Mt. St. Helena, the finishing touch before broadcasts could begin.

Mr. Speaker, KBBF 89.1 FM Public Radio is a true pioneer in every sense of the word and it is therefore appropriate that we honor KBBF today on its 40th anniversary.
